Gym Club Website Documentation

Project Overview: This document provides a basic understanding of the Gym Club website, which is developed using HTML, CSS, and the Bootstrap framework. The website consists of six main pages: Home, About Us, Services, Membership, Trainers, and Contact Us.

Technologies Used:

- **HTML**: Structure of the web pages

- **CSS**: Styling of the website

- **Bootstrap**: Pre-built design framework for responsiveness and styling

Website Pages:

1. **Home Page**:

   o This is the landing page of the website.

   o Includes a welcome message.

2. **About Us Page**:

   o Provides information about the gym's and mission.

   o Includes details about the facilities available.

3. **Services Page**:

   o Lists all the services provided by the gym (e.g., personal training, yoga, group classes, etc.).

   o Brief descriptions of each service.

4. **Membership Page**:

   o Details different membership plans (e.g., monthly, quarterly, yearly).

   o Includes pricing and benefits of each plan.

   o May have a sign-up form or a call-to-action button.

5. **Trainers Page**:

   o Introduces the gym trainers with their photos and expertise.

   o May include short bios or specializations.

6. **Contact Us Page**:

   o Provides contact details such as phone number, email, and gym location.

o Includes a contact form for inquiries.

Setup Instructions:

1. Look at the folder **gymclubwebsitebyinsiyashakir**.

2. The folder consists of six HTML pages named **home.html, aboutus.html, services.html, membership.html, trainers.html, and contactus.html**, along with one CSS file named **style.css**.

3. Open the pages in **Visual Studio Code** and execute/run them.

4. It will redirect to a web browser like **Google Chrome, Firefox, Microsoft Edge, etc.**

5. Check the web browser, and you will see the entire Gym Club website with navigations like **Take a Tour**, **Sign Up**, **Sign In**, and other page links such as **Home, About Us, Services, Membership, Trainers, and Contact Us**.

Conclusion:

The Gym Club website is a simple and user-friendly platform that provides information about the gym, its services, membership plans, and trainers. The use of Bootstrap ensures the website is responsive and accessible on different devices.

The Gym Club website can be expanded and modified in the future by adding multiple features such as a booking system, live workout sessions, and a member dashboard. This flexibility ensures the website remains relevant and meets evolving needs.

Adding the screenshots of the website below for your reference.
